## MOB FIRED ON IN DUBLIN STREETS; FOUR ARE KILLED

DUBLIN, July 27.—Three men and one woman are dead and more than 40 persons are in the hospital wounded as a result of a mob in the King's Own Scottish Borderers' firing into a mob in the streets of Dublin Sunday. Seven of the wounded are expected to die. Among them are three women and a boy of 10.

The affray came as a consequence of a gun-running exploit of the Nationalist Volunteers, who were being aided by a mob composed largely of women and youths. A consignment of rifles, said to number 10,000, was landed Saturday night at Howth, nine miles from Dublin, from a private yacht.

The Nationalist Volunteers cut the telegraph wires and stopped travel on the Dublin roads, and according to reports, sent away most of the rifles, together with 70,000 rounds of ammunition, in motor cars.

A battalion of the King's Own Scottish Borderers were ordered to capture the arms when the authorities heard the Volunteers were bringing them into the city. The soldiers encountered a detachment of volunteers at Clomet Bridge and an outbreak resulted, but there was no shooting.

Soon a great crowd collected and followed the troops, jeering them and cheering for John Redmond, the Nationalist leader, and home rule. Finally the mob began throwing bottles and stones, injuring several soldiers.

The Pacific States Telephone Co. is spending about \$200,000 on new lines to Astoria and on the Columbia highway to Hood River.

## Newsy Notes of Pendleton

**Join Family at Beach.**  
R. N. Oliver left today on No. 17 for Canon Beach where his family has been camped for several weeks.

**Son Is Born.**  
A baby son was born yesterday to Mr. and Mrs. Pat Dobson, well known residents of the southern part of the county.

**Returns From Vacation.**  
Thomas Fitz Gerald, city recorder, arrived home last evening after enjoying a vacation of three weeks at Lehman Springs. His family will remain there until the first of September.

**George Darveau Improving.**  
George Darveau, proprietor of the Hotel St. George, who is convalescing at Lehman Springs, is reported much improved by local people returning from that resort. The mineral water and mud baths are proving very beneficial to him.

**Accord as Farm Hand.**  
Art Accord, popular Round-up performer who is already here to await the arrival of the 1914 show, has decided to toughen his muscles for the contests on a farm and today went out to the ranch of Director S. R. Thompson to work through harvest.

**Letter Acknowledged.**  
The Commercial association is in receipt of a letter from A. L. Thurman, acting secretary of commerce, in which he promises to give consideration to the expressed wishes of the club that the Pacific northwest and particularly Oregon be recognized when commercial attaches for foreign countries are appointed.

**Mother of Twin Girls.**  
At 8:30 last evening twin girls were born to Mr. and Mrs. E. R. Guye of Umatilla, according to news received here this morning. The mother was formerly Miss Lola Perrin of this city, daughter of W. T. Perrin. Both of the babes and mother are reported doing well.

**Will Go to the Hills.**  
County Judge J. W. Maloney will leave tomorrow for Lehman Springs where he will join Dr. H. S. Garfield who has been there for the past week. They will go further up into the mountains to fish until the opening of the deer season when they will abandon pole and line for their guns.

**Little Daughter Died.**  
News has been received here of the death at Athens last night of the little two year old daughter of Judge and Mrs. B. R. Richards. The little girl suffered from serious intestinal trouble and was critically ill for several days before dying. Great sorrow is felt for the bereaved parents.

**Condition Is Unchanged.**  
The condition of Mark Moorhouse, prominent young Pendleton business man who was stricken several weeks ago with embolism of the brain, remains practically unchanged and he will probably be an invalid for some time. He is able to sit up but his power of speech has not yet returned. The physicians still hope for an ultimate recovery.

**Banqueted Ball Boys.**  
As a means of expressing their appreciation of the success of the Pendleton ball club in winning the pennant of the Western Tri-State league, five well known local fans last evening tendered the members of the team a banquet at the St. George Grille. The hosts were Roy W. Rittner, Henry W. Collins, Fred W. Lamphkin, Carl Cooley and John Dickson. Just prior to the game yesterday, Rittner, representing the fans of Pendleton, presented each of the thirteen players a Pendleton Indian bathrobe.

**Rush at Lehman Springs.**  
According to people returning from Lehman Springs, the largest crowd ever assembled at that summer resort was gathered there during the last weekend. With the hotel and all of the cabins filled and dozens of tents set up in the timber, approximately 25 autos brought loads of people Sunday, swelling the crowd greatly. The springs are this year enjoying their most popular season. Pendleton is daily sending delegations of residents, some for a few days and others for the summer, while Athena, Adams and many other country points and Walla Walla are represented among the sojourners.

**Ball Players Are Leaving.**  
With the close of the season of the Western Tri-State league yesterday, members of the Pendleton team have already commenced leaving, some for their homes and others to finish the season with semi-professional teams. "Chief" Wheeler Osborne, the leading twirler of the league, left last night for Tacoma in response to a telegram from Manager of Ruse Hall summoning him for a tryout in Class B ball. Hall is also considering giving George Naughton, local second sacker, a trial and will wire him in a day or two. Manager Al Lodell, Pitcher Clyde Shroeder and Naughton, in case he does not go to Tacoma, will join the "semi-pro" team of Forsythe, Montana, as will also Manager Karl King of Baker.

Bert Pitchner and Jimmie Menner left for their homes in Portland last night and Benny Briggs will go tomorrow. George Pembroke, leading hitter of the league has received an offer from Helena, Montana, to complete the season and will probably accept it. Pitcher Lewis and Gunner Peterson will probably go to Payette, Idaho to finish the last two weeks of that team's season. Curly Coen will go back to Tacoma, while "Duke" White will probably go to Chehalis.

## WESTERN TRI-STATE MAY CONTINUE ANOTHER YEAR

**PRESIDENT RITTNER SEES NO REASON FOR NOT KEEPING UP LEAGUE.**

"I see no reason why the Western Tri-state league should not continue through another year." This was the statement this morning of President Roy W. Rittner. "While the clubs all lost money during the past two weeks and have deficits to meet," he said, "I believe the season has, as a whole been very successful and that no great difficulty will be encountered in starting the league on another season."

President Rittner states there is a possibility that Bobbe may again apply for a berth in the league inasmuch as she has been once again ejected from the Union association. Personally, he favors the franchise remaining with the four cities now holding them. Though Bobbe is a good gate-receipt town, her policy of exceeding the salary limit made her objectionable in the past and may serve as a bar to re-entrance in the future.

"All four of the clubs kept within the salary limit this year," stated President Rittner this morning. "There may have been a time or two when some one club was over a few dollars but that condition was not allowed to exist beyond a few days. Salaries were kept down to a proper level and, though the Western Tri-state league suffered along with other leagues in the matter of attendance, the clubs emerged in better condition probably than ever before."

The Pendleton club is in better condition than any of the other three. A small deficit was incurred but the officials believe they can meet that. The fact that Lodell and his team won the pennant by a six game lead will be a large factor in influencing local fans to support a club in 1915.

Lodell will undoubtedly be the leader of the next Pendleton team. His feat in developing a championship team although handicapped by a very late start is appreciated by Pendleton fans. As a manager he has proved the best the local club has had and as a leader of the team was undoubtedly the best of the league. A fighter to the last himself, he instilled the same spirit into his crew and his method of handling the players in order to preserve harmony and inspire confidence proved that he is something of a student of human nature. His own playing, both in the field and at bat, has been of a superior brand, responsibility seeming to fit him well.

There is a possibility that several of the players will be sold before next season, but, inasmuch as all are the exclusive property of the Pendleton club, Lodell will be left with a good nucleus for another championship team.

**Sent to Portland.**  
Fred Reynolds, the man sent to the state hospital here last week and who claimed he had lost his ticket to Toledo, Ohio, his home, was today sent on to Portland and will be sent from there on home.

**Demonstrating "Bug Juice."**  
A. L. Carpenter of Portland is here today in an effort to introduce his disinfectant, "Bug Juice." He is today consulting with members of the school board, Chief of Police Kearney and City Physician L. U. Temple.

**Suit On Note.**  
L. Van Bebbler, through his attorney, Will M. Peterson, today filed suit against Ansel F. Lundberg to collect \$16.75 and interest alleged to be due on a note executed by the defendant to N. H. Alexander and assigned to the plaintiff.

**Recovers Stolen Diamond.**  
H. B. Royce, Walla Walla brewer who was on the train held up by the Manning-Meadors-Stoner trio during the fore part of the month, today appeared at the office of Sheriff T. D. Taylor and claimed the valuable diamond ring which the robbers took from his finger. He values the ring at \$750 and quite naturally was elated at recovering it. He lost \$245 in cash as well but put in no claims for that. The diamond was cached by Meadors and Stoner in a stream after they had been captured and was recovered when they consented to lead Sheriff Taylor and Special Agent Wood to their several caches.

**Twitcheil Boy Slightly Better.**  
Sharon Twitcheil, the young son of L. E. Twitcheil who was seriously injured in an automobile accident last week, is reported this afternoon to be slightly improved with a small hope for ultimate recovery. Dr. E. O. Parker, one of the attending physicians, stated this afternoon that if there was any change in his condition, it was for the better and that hope was still held out for recovery from the basal fracture of the skull which resulted when his head struck the pavement.

**Boy Swimmer Hurt.**  
While in swimming in the river at the Matlock street bridge yesterday, the young son of A. D. Siebert was pushed playfully off the bridge by another boy and in falling struck across an iron pipe. Dr. Temple was called but found that the fall had only knocked the wind from the boy and bruised him a little.

**BAKER BOOSTERS BACK FROM JUNKET TRIP**

**BAKER, Ore., July 27.**—A large party of business men of Baker, who have been the past three days on a "trade excursion" over the lines of the Sumpter Valley railroad to the towns and cities of Grant county and the John Day valley, returned to Baker. The trip was inaugurated by the local commercial club, which every year makes several similar trips throughout the territory tributary to this city. This was the first trip ever made to Grant county for purely

## A Price Bulletin of Every Day Golden Rule Values

You may wonder how we can do it, but it is simply this. We know where to buy, we know how to buy, we buy direct from the mills, we buy in large quantities, [not for one] but 70 big busy stores. You will readily see buying for so many stores for spot cash, we command lower prices than buying in small lots. We don't pay the jobbers profits because we buy direct, we sell for cash, a big saving in two ways, we lose no bad accounts, besides we save an expert bookkeepers salary, we make no deliveries and many other expenses we do not allow to creep in.

All this saving we give direct to our customers by selling high grade merchandise at the lowest possible price for cash, and the people appreciate this—That's why we are big busy stores.

boosting purposes, and it proved a great success. The towns of Sumpter, John Day, Mount Vernon and Canyon City were visited, and the local boosters received a warm welcome all along the line. These "trade excursions" by the local merchants are doing much to cement the friendly relations between the local business interests and nearby towns, as well as keeping the trade in touch with the Baker wholesale houses, which depend on the territory for their business.

better let us have a reception or banquet in honor of the members of the water board who stood by the project and fought it out, especially Will Moore, Marion Jack and J. T. Brown, and in honor of Mr. Bent, the contractor, and Mr. Kealey and the other engineers. Whatever we do will have to be done quickly, but something should be done because the new water system is the finest improvement we have ever gotten and we owe something to the men who brought it about."

**Canada Will Entertain.**  
CALGARY, Alta., July 27.—The people of Canada will be given an excellent opportunity to repay the hospitality of the Americans at the first international congress to be held in Canada. This will be in Calgary, October 9 to 13 this year. At previous congresses in the United States Canadians have been well received, and have learned a great deal. This year it is Canada's turn, and this country is arranging for an excellent and instructive visit for the delegates and members of the congress.

The S. P. Co. will expend \$16,000 rebuilding 15 miles of highway on the Willamette above Springfield.

**REJOICING OVER NEW WATER SUPPLY MEN PLAN TO GIVE CREDIT TO BUILDERS**  
(Continued from Page 1.)

fused to drink the water in either town. He believes also that the quantity of water is as important as the quality and says that only a few days ago a Walla Walla resident was complaining because in the Garden City the capacity of the water system is so limited that it is necessary for irrigation to be done in rotation by the different wards so as not to exhaust the supply.

J. F. Robinson wants a public demonstration of some sort in honor of the new water system and of the men who built it.

## THE ALTA THEATRE

Wednesday and Thursday

JULY 29-30

The Port of Missing Men

This "Famous Player's" subject is one of unusual interest due to the staging of the play at the great estate of George Gould at Lakewood, N. J., known as Georgian Court. Matching the picturesqueness of the mansion, its spacious grounds and groves, and its tree lined approaches, are the elaborate interior views of the sumptuous home.

Arnold Daly, who has the leading role, made his greatest success on the stage as Napoleon in George Bernard Shaw's play, "Man of Destiny." In this play he takes the part of John Armistage, the Americanized son of the Prime Minister of his native country from which he was taken in his boyhood in company with the heir to the throne. The story is one of intrigue for the recognition of an heir to a throne in a mythical kingdom. The old Emperor summons his son in America to return to him.

The schemers try to prevent this movement which develops many thrilling clashes. There are many entertaining factors in the picture that make it well worth seeing. The fact that it is handled by the Famous Player staff is sufficient recommendation.

Remember The Dates July 29—30

15 and 10c

15 and 10c
